

ARE YOU READY FOR THE NEW FOOD WASTE LEGISLATION?

From March 2025, food waste separation is mandatory for businesses in England. Don't get left behind!

Starting March 2025, all businesses producing over 5kg of food waste weekly must comply with the new food waste separation rules. We at Central Waste are here to ensure your business stays compliant with minimal hassle.

COMPLIANCE IS KEY - LET CENTRAL WASTE HELP YOU!

Under new regulations, businesses in England need to arrange separate food waste collections to improve recycling practices and meet compliance requirements. Here's what you need to do:

Assess Your Waste

If your business produces over 5kg of food waste per week, you need to take action.

Book Our Services

Central Waste provides licensed food waste collection tailored to your needs.

Stay Ahead of the Deadline

Don't wait until March 2025 - let's get started today!

Our reliable, family-run service will help you comply with the law while making a positive impact on the environment. Whether you're a small café, takeaway or a large restaurant, we've got you covered.

Reduce Costs

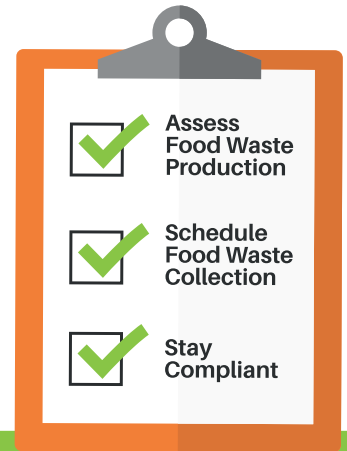

Proper food waste separation can help reduce your overall waste disposal costs

Environmental Impact

Be part of the solution to reduce landfill waste and improve recycling rates

Compliance Made Easy

Let Central Waste take care of everything so you can focus on running your business

ALL YOUR FOOD WASTE CAN BE RECYCLED

- Meat, fish & bones
- Fruit & veg peelings
- Mouldy food
- Egg shells
